The Human Resources Manager
Fidelity Bank Ghana Limited
Ridge Towers – Ridge, Accra
PMB 43 Cantoments
Accra, Ghana

Dear Sir/Ma'am,

APPLICATION FOR NATIONAL SERVICE SCHEME (NSS) PLACEMENT

I am writing to formally express my interest in undertaking my mandatory one-year National Service with Fidelity Bank Ghana, specifically within the IT/Engineering or Digital Transformation departments. As a final-year Computer Engineering student, I am eager to apply my technical background to your world-class banking operations.

My engineering background combines core backend development with advanced intelligent systems. I have practical experience building secure, containerized applications using Java, Python, Docker, and PostgreSQL. Importantly, I specialize in Machine Learning and Computer Vision, alongside a strong foundation in embedded systems. These skills enable me to bridge the gap between high-level software, data automation, and hardware interface capabilities that are directly applicable to optimizing financial services, enhancing digital banking platforms, and supporting Fidelity Bank's commitment to innovation and customer-centric solutions.

Fidelity Bank's commitment to financial innovation and digital transformation deeply inspires me. I am highly proactive, resilient under challenge, and confident that my programming expertise, machine learning capabilities, and systems troubleshooting skills will add immediate value to your technology and operations teams.

Thank you for your time and consideration. I look forward to the opportunity to contribute to your goals for the upcoming service year.

Yours faithfully,

Sarfo Osei Nana
